

1 December: Day of action in Dortmund

📅 Nov 22, 2013 ✍️ Forum Rauchfrei

On December 1st, the campaign Dortmund Kills launches its petition on Change.org. The opener is a day of action in Dortmund. We're going to collect petition signatures and photos for our photo petition on Dortmund's christmas market. If you are near and have time, you're welcome to join us there:

12:30 PM to 4:00 PM
Katharinenstraße
Dortmund

In addition to signing our petition, you can participate in the photo petition. It's easy: Paint a poster (or choose one of ours), pose for the pic, let us take the shot – finished. The posters carry messages such as “Dortmund kills – not in my name!” or “Stop the Intertabac ASIA!”. We'll have paper and markers there, if you want to create your own poster.

You are welcome to help us collect petition signatures. Or to just get informed what this is all about: What the heck do we mean by “Dortmund Kills”?

If you want, you can register as participant in the facebook event:
