

Protest Rally against Reemtsma Liberty Award

Call for Attendance

The award was initiated in 2007 by the German cigarette producer Reemtsma (Imperial Tobacco) as part of an image campaign and is given to correspondents and journalists working abroad, who from the company's point of view have rendered outstanding services to liberty.

We protest against the misuse of the term "liberty" by a company manufacturing a product, which like no other leads people into dependence.

Members and friends of Forum Rauchfrei will protest on March 5th starting from about 6 pm in front of the Grand Hotel Hyatt in Berlin , Marlene-Dietrich-Platz 2

We would be pleased if You would inform us about an eventual attendance . More information can be obtained here:
